

GROWTH - CORE CURRENCIES

Investment plans Switzerland, Plan No. 294
 Monthly Report, 01.04.2024

Investment Goal

The investment is primarily made in Swiss francs, Euros and US dollars, which are hard currencies. A diverse international spread reduces country risk. The relatively high proportion of equities makes the investment plan particularly suitable for longer investment horizons. While the bond and cash components keep risk limited, the primary object is performance.
